SHAH'S RESIDENCE

Area: 2150 sq. ft.

Year: 2023

CGI: Sushil Pawar, Satyajit Rane

Client: Mr. Sameer Shah

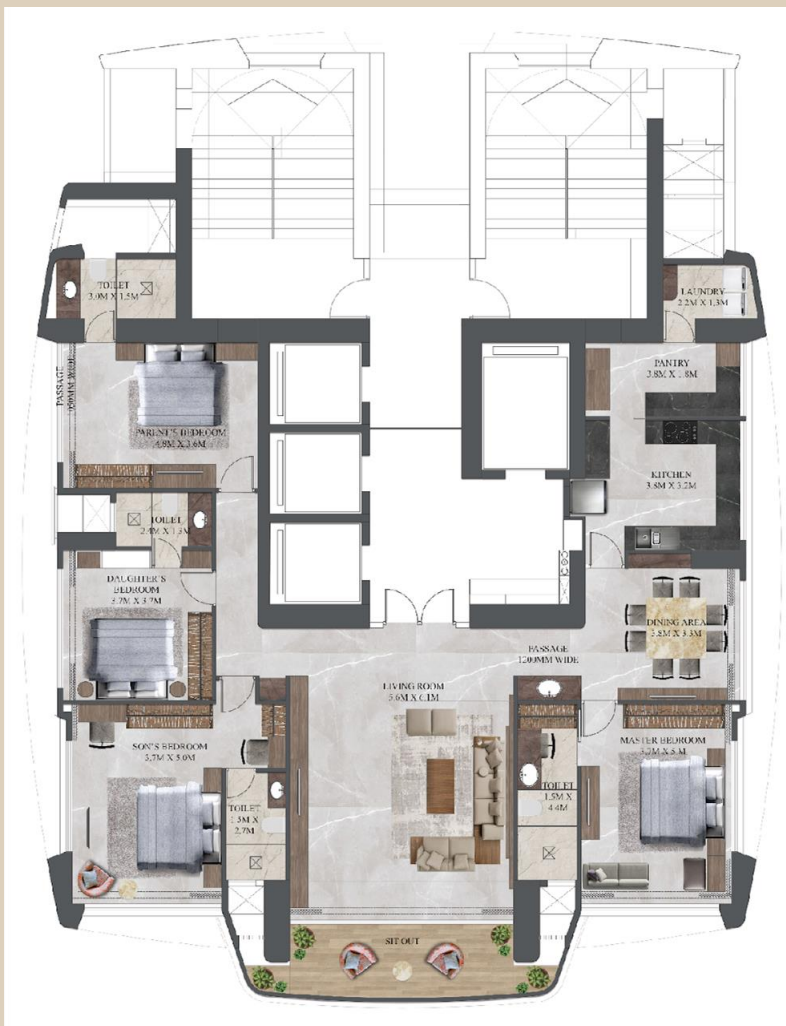

Location: Iora, Tardeo

Project Description:

"We want a home that exudes luxury & opulence yet it's simple, functional & exhibit their personality." said the client. The main concept was to create a uber luxury home in heart of South Mumbai exhibiting opulence yet giving a warmth and comfort the client would want to come back to at the end of the day.

Creating a harmony and balance for a family of 3 generations of these different personalities was quite challenging yet fascinating.

Curating a simple yet elegant material palette with natural stones and veneers, using patterns to highlight specific areas and using muted hues with a dash of color gave us an opportunity to showcase our ideas.
